Member survey for teacher enterprise bargaining now open

Our member survey for teacher enterprise bargaining is now open. All eligible financial members will receive an email today with the link to the survey. This survey is open to all members employed as either a Classroom Teacher, Senior Teacher, Assistant Teacher or Principal. If you believe you should have received a link and haven't, get in touch.

With formal bargaining about to commence, the survey responses will provide invaluable information to AEU officers and help shape the direction of bargaining.

The survey will remain open for only a short time, so please take the time to have your say.
