

# KEEP OUR TEACHERS

## in the NORTHERN TERRITORY

Teachers throughout Australia are negotiating and signing onto REAL PAY RISES that will put education in the Territory behind:

The AEU estimates that at least 90% of our teachers are recruited from outside of the Northern Territory.

It is vital that we have competitive conditions to attract and retain the people who are responsible for delivering education in the NT!

Join with teachers across the Territory and send a message to Natasha Fyles and the NT Government:
