

2. We protect each other!

Teachers and ATs working in school are supported by our Union whenever they need help or assistance.

You can call our Union and speak to someone privately about legal issues, work issues or workers compensation.

1. We are stronger together!

The more we stand united the less we can be pushed around. Our Union is fighting for better wages and conditions for all teachers!

You are one of 1800 teachers when you join our Union and stand with us.

3. We have always worked together!

Australian Unions have been fighting alongside First Australians for over 100 years. In 1911 Unions and Aboriginal workers went on strike for equal pay. In 1965 the North Australian Workers Union supported Vincent Lingiari strike for Native Title Rights.

4. We make a difference!

AEUNT is currently negotiating with the NT government for:

- Better funding for remote schools
- More permanent jobs for teachers
- Better teacher housing and community support

5. We look to the future!

Our Union uses the voice and the experience of Territory Assistant Teachers to fight for the education system that our students deserve!

Assistant Teachers and the AEUNT

What does our Union do for me?
